

Company	Country	Product Range	Application	Description
Migua	Germany	Expansion Joint System	Expansion Joints in Buildings, Malls, Hotels, Hospitals, Metro, Airports	Design, Manufacture and Installation of Expansion Joint System for over 100 Years. Widely used Globally
Excellence	Europe / India	Normal PU Foam (Self Expanding)	Filling Joints of Windows, Doors, Partition Wall, Ceiling, Floor Joints, Pipe & Cables	Manufactured in Europe. Available in Straw & Gun Grades
		Fire Grade PU Foam (Self Expanding)	Installations of Fireproof Doors & Windows, Electrical Cable Penetrations	Provides 4 Hour Fire Rating. Manufactured in Europe. Available in Straw & Gun Grades
		Masking Tape	Painting, Brushing and Spraying, Sealing and other Outdoor & Indoor Applications	Adheres well to Wood, Plastic, Metal and Painted Surfaces
DL Chemical	Belgium	Paracryl Parafill	Filling of Cracks, Joints & Gaps of max. 50 mm deep and 50 mm wide	Does not Sag, Shrink or Crack. It is paintable (can also be abraded by abrasive paper)
Cygnnet	India	Fire Protection Intumescent Coating	Fire Protection for Structural Steel, Cables, Ducts, Server Rooms, Wooden Partitions	Cutting Edge Technology in Passive Fire Protection Upto 2 Hours Fire Protection. Easy to Apply & Maintain
SK Formulation	India	Grafted Copolymer - Corrosion Protection Coating	Corrosion Protection of All Types of Steel Structures used in Construction	Indegeniously developed and manufactured (Also Exported); Provides Excellent Corrosion Protection
CSL	Canada	Silicone - Corrosion Protection Coating	Corrosion Protection of All Types of Steel Structures used in Construction	Extremely Long Life, Flexible Coating, Can be applied with Minimum Surface Preparation
ABB/Verde/Axonify	India	EV Chargers / Smart Sockets	EV Charging of 2 Wheelers & 4 Wheelers	Total Solution - Smart Sockets / AC Slow Chargers / DC Fast Chargers, available in various capacities
Excellence	India	Solar Power Generation	Solar Rooftop & Ground Installations	Complete Solution of On Grid, Off Grid available in both Capex & Opex Model
		Solar Water Heaters	Water Heating using either Flat Plate / Evacuated Tube Collector Type	Efficient, Long Lasting (20 Years +). Limca Book Record for Largest Capacity of 10 Lac Ltrs at Single Location
		Solar Street Lights	Suitable for Street / Road / Garden	Complete Turnkey Solution including Solar Panels, Battery, LED Lights

Company	Country	Product Range	Application	Description
Sika	Switzerland / India	Sikaflex PU Sealants	All Construction and Expansion Joints	Very Tough, yet Flexible. Good Elongation & Recovery. Adheres to Most Construction Materials. Long Life
		Sikadur Combiflex FPO Tape System	All Types of Expansion - Horizontal & Vertical Joints	Suitable for Podium, Basement, Swimming Pool, Water Tank, Sewage Treatment Plant. 10 Years Warranty.
		Sika Fire Stop System	Fire Stop Sealing of All Penetrations of Cables, Pipes etc. in Walls & Floors	Complete System of Fire Grade Sealants, Wraps, Boards to provide 1, 2 Hours Fire Rating. Global Approvals
		Sika Tile Adhesives	Bonding of All Types of Floor & Wall Tiles	Prevents debonding of Tiles, suitable for All types of Modern Tiles. Provides High Strength & Durability
		Sika Admixtures	Reducing Water Content, Achieving Early Strength and Other Functional Properties	Wide Range of Admixtures for All types of Concrete Mix Design
		Sika Grout	Filling Voids under Machines & Structural Elements, Sealing joints / Openings	Full Range of Cementitious Grouts, Epoxy Grouts, PMMA & PU Grouts to suit different Project Needs
		Sika Floor Coatings	Car Parks, Ramps, Warehouse & Industrial Floors, Clean Rooms, ESD Protection	Epoxy, PU, Polyurea & Hybrid Coatings. Highly Abrasion Resistant with very Good Finish
		Sika Multiseal Self Adhesive Tape	Sealing / Repair of All Types of Roofing, Gutters, Pipes, Wall Penetrations	Easy to Apply, Adheres to Most Building Materials such as Cementitious Substrates, Metals, Wood, PVC, PC
Owens Corning	USA / India	Micro - Alkali Resistant Glass Fibres	Plaster - Minimises Rebound loss, Concrete - Reduce Shrinkage Cracks	Reduces Shrinkage Cracks by 80%. Improves Flexural & Compressive Strength of Concrete
		Macro - Alkali Resistant Glass Fibres	Replacement of Steel Reinforcement in Flooring, Roads, Precast, Mivan	Cost effective yet technically superior 3D reinforcement
		Pink Bar - Fibre Glass Rebar / Dowel Bar	Direct Replacement of Steel Rebar & Dowel Bars in Floors, Roads, Precast, Mivan	Rustproof, Lightweight, Stronger & More Durable, yet Cost Effective. IRC Approved
Keim	Germany	Silicate based Mineral Paints	Paint for Exposed Concrete, Exterior & Interior Walls	Last for decades, without any color fading, cracking or peeling; Solvent Free, Non Toxic, Environment Friendly
